Missouri Environmental Quality Incentives Program (EQIP) Saline County 2009 General Application Data Form

Applicant(s): Date:			
Address:			
Farm Number: Acres in Application:			
LR	F: Beginning Farmer: Socially Disadvantaged: Livestock Type:		
Answer each question below, considering conservation practices planned to receive EQIP financial assistance. All applicants must sign a CPA-1200 in addition to this form to be considered for EQIP funding.			
NRCS National Conservation Priorities			
1	Will the treatment you intend to implement using EQIP result in a considerable reduction of non-point source pollution, such as nutrients, sediment, pesticides, excess salinity in impaired watersheds with total maximum daily loads (TMDLs) where available, groundwater contamination or point sources such as contamination from confined animal feeding operations?	Yes	No
2	Will the treatment you intend to implement for water conservation or irrigation efficiency using EQIP result in a considerable reduction in water use?	Yes	No
3	Will the treatment you intend to implement using EQIP result in a considerable reduction of emissions, such as particulate matter, nitrogen oxides (NOx), volatile organic compounds, and ozone precursors and depleters that contribute to air quality impairment violations of National Ambient Air Quality Standards?	Yes	No
4	Will the treatment you intend to implement using EQIP result in a considerable reduction in soil erosion and sedimentation from unacceptable levels on agricultural land?	Yes	No
5	Will the treatment you intend to implement using EQIP result in a considerable increase in the promotion of atrisk species habitat conservation?	Yes	No
6	Will the treatment that you intend to implement using EQIP result in considerable benefits to residue management, nutrient management, air quality management, invasive species management, pollinator habitat, and animal carcass management technology or pest management?	Yes	No
7	Will the treatment that you intend to implement using EQIP result in energy conservation benefits?	Yes	No
	Missouri State Issues		
8	EQIP planned practice(s) on offered cropland acres include a conservation practice(s) that will reduce sheet and/or rill soil erosion from the existing condition on 50 percent or more of the eligible cropland acres.	Yes	No
9	EQIP planned practice(s) on offered cropland acres include Nutrient Management on 50 percent or more of the eligible offered cropland acres OR EQIP planned practice(s) on offered cropland acres include installing Field Borders on 50 percent or more of the eligible offered cropland fields.	Yes	No
10	Offered acres are in a watershed of a 303(d) listed stream OR in the watershed of a public drinking water supply reservoir, AND at least one EQIP planned practice addresses the water quality concern in the identified watershed area.	Yes	No
11	EQIP planned practice(s) address basic habit requirements of bobwhite quail on 50 percent or more of the eligible offered acres OR EQIP planned practice(s) benefit a federal threatened or endangered species or a state rare species.	Yes	No
12	EQIP planned practice(s) will provide habitat for native pollinators on 10 percent or more of the eligible offered acres.	Yes	No

Missouri Environmental Quality Incentives Program (EQIP) Saline County 2009 General Application Data Form **Local Issues** Do the planned EQIP practices include installing a terrace system (600) or a Grassed Waterway (412) or a Grade Stabilization Structure (410) or Continuous No-till (329) planting of all crops in the rotation in 100% of eligible offered crop field or fields and those crop fields are within the Sweet Springs Quail Habitat Emphasis Area and the plan includes EQIP practices Conservation Cover (327) or Early Successional Habitat Yes No Development/Mgt (647) or Field Border (386) or Prescribed Burning (338) or Restoration of Rare and Declining Habitats (643) or Shallow Water Development and Management for Wildlife (646) or Upland Wildlife Habitat Management (645)? Do the planned EQIP practices include installing a terrace system (600) or a Grassed Waterway (412) or a Grade Stabilization Structure (410) or Continuous No-till (329) planting of all crops in the rotation in 100% of eligible offered crop field or fields and the plan includes EQIP practices Conservation Cover (327) or Early Successional Habitat Development/Mgt (647) or Field Border (386) or Prescribed Burning (338) or Restoration No Yes of Rare and Declining Habitats (643) or Shallow Water Development and Management for Wildlife (646) or Upland Wildlife Habitat Management (645) but those crop fields are not within the Sweet Springs Quail Habitat Do the planned EQIP practices include installing a terrace system (600) or a Grassed Waterway (412) or a Grade Stabilization Structure (410) or Continuous No-till (329) planting in 100% of the eligible crop field or Yes No fields being offered? Do the planned EQIP practices include installing Conservation Cover (327) or Early Successional Habitat Development/Mgt (647) or Field Border (386) or Prescribed Burning (338) or Restoration of Rare and Declining 16 Habitats (643) or Shallow Water Development and Management for Wildlife (646) or Upland Wildlife Habitat Yes No Management (645) and those fields are within the Sweet Springs Quail Habitat Emphasis Area and the plan includes EQIP practices? Do the planned EQIP practices include installing Conservation Cover (327) or Early Successional Habitat Development/Mgt (647) or Field Border (386) or Prescribed Burning (338) or Restoration of Rare and Declining Yes No Habitats (643) or Shallow Water Development and Management for Wildlife (646) or Upland Wildlife Habitat Management (645) but those fields are not within the Sweet Springs Quail Habitat Emphasis Area? Missouri Environmental Quality Incentives Program (EQIP) Saline County 2009 General Application Data Form **Planned Conservation Practices** The following list contains every conservation practice eligible for 2009 EQIP. List the field(s) for each conservation practice(s) that is planned for financial assistance through this EQIP application. Access Control Pest Management Brush Management Pipeline Conservation Cover Prescribed Burning Conservation Crop Rotation Prescribed Grazing Cover Crop Pumping Plant Critical Area Planting Residue Management, No Till/Strip Till Restoration&Momt of Rare or Declining Habitat Diversion Shallow Water Dev & Mgmnt for Wildlife Drainage Water Management Early Successional Habitat Dev/Mgmt Spring Development Stream Crossing Field Border Streambank and Shoreline Protection Forest Slash Treatment Structure for Water Control Forest Stand Improvement Terrace Forest Trails and Landings Tree/Shrub Establishment Grade Stabilization Structure _ Tree/Shrub Site Preparation Grassed Waterway Underground Outlet Heavy Use Area Protection Upland Wildlife Habitat Management Irrigation Land Leveling Vertical Drain Irrigation System - Sprinkler Waste Utilization Irrigation System - Surface and Subsurface Water and Sediment Control Basin Water Well Irrigation Water Conveyance Irrigation Water Management Watering Facility Nutrient Management Well Decommissioning Pasture and Hayland Planting Windbreak/Shelterbelt Establishment

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, and marital or family status. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at 202-720-2600 (voice and TDD).

To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, Room 326W, Whitten Building, 14th and Independence Avenue, SW, Washington, DC 20250-9410 or call (202)720-5964 (voice or TDD). USDA is an equal opportunity provider and employer.
